

Internal Medicine Interest Group

The Internal Medicine Interest Group (IMIG) is an official School Chapter of the American College of Physicians (ACP) dedicated to teaching and fostering interest in Internal Medicine. Our goal is to prepare students for Internal Medicine rotations, introduce them to its various subspecialties, and offer mentorship, networking, and hands-on learning experiences. We organize activities such as Journal Clubs, Educational Posts, and Speaker Series to help students develop academic and clinical skills. IMIG strives to guide and support students in their journey toward a career in Internal Medicine.

El Grupo de Interés en Medicina Interna (IMIG) es un capítulo oficial escolar del American College of Physicians (ACP) dedicado a la enseñanza y promoción del interés en la Medicina Interna. Nuestro objetivo es preparar a los estudiantes para sus rotaciones en Medicina Interna, presentarles sus diversas subespecialidades y ofrecerles mentoría, oportunidades de networking y experiencias de aprendizaje práctico. Organizamos actividades como Journal Clubs, Publicaciones Educativas y Ciclos de Conferencias para ayudar a los estudiantes a desarrollar habilidades académicas y clínicas. IMIG se esfuerza por guiar y apoyar a los estudiantes en su camino hacia una carrera en Medicina Interna.
